

INSULATION A LEGACY TO US

About Us

ADARSH INSULATIONS is one of the leading Thermal Insulation firm situated in western India in Gujarat State. We undertake job work contract for Hot and Cold Insulation for the Industries, Shopping Malls, Hotels etc.

Adarsh Insulations started its journey in 1979 from Gujarat State. Currently we have our presence in 5 States of India (Gujarat, Rajasthan, Madhya Pradesh, Andhra Pradesh and Karnataka).

ADARSH INSULATIONS entered into Cement Sector in 1985 which turn out to be the best decision, since then there has been no looking back. We have successfully carried out Insulation Job work of many Cement Plants and the count goes on. We provide our services to Cement Industry, Chemical Industry, Metal Industry, Petrochemical Industry, Power Plant, Soap Plant, Solvent Plant, White Cement Plant, Integrated Pipe Units etc.

In today's competitive market we at **ADARSH INSULATIONS** adhered to philosophy of Customer Relationship Management along with Quality and Services. We try to concentrate on Customers requirement which helps us to enjoy Customers loyalty and long term relationship. We are working in several companies since 1980.

Proprietor

Started in ancestral business in Insulation field in 1972, Shri Dilipbhai B. Shah dream big which motivated him to sow the first seeds of the Adarsh Insulations. Under his guidance the company has flourished from our presence in one state to five states.

Adarsh Team

We at **ADARSH INSULATIONS** believe that the main treasure of a company is its human resources. With the help of its core management team Adarsh has always surged ahead of competitors and has successfully completed all our customers expansion plans well within the timeframe, satisfactorily and with safety measures.

ADARSH INSULATIONS is like a huge family where every member works to his optimum to keep the ADARSH flag flying high. The team ADARSH comprises of highly qualified professionals from different fields headed by our visionary and dynamic Proprietor.

Company profile

Business	Hot and Cold Insulation for the Industry and Power Plants	
Products and services	Turnkey contracting for Hot Thermal Insulation Cold Insulation Maintenance services	
Business of our Clients	Cement Industry Power Plants Chemical Industry Solvent Plant Metal Industry Petrochemical Industry Piping & Tank manufacturing Power & Recovery boiler manufacturing Process Equipment manufacturing Pulp and paper industry	
References	Will be provided upon request	
Production facilities	Rigid Polyurethane Foam Unit	
Founded	1979	
Turnover 2009-2010	75.00 Million Indian Rupees	
Manpower capacity	250 insulators / sheet metal workers	
Locations	Ahmedabad (Head office) Branch Offices at Udaipur (Rajasthan), Indore (Madhya Pradesh), Mudhol (Karnataka), Mancherial (Andhra Pradesh)	
Contact persons	Dilip Shah Pratima Shah Prakash Khara Hetal Shah Pranav Shah Hardik Shah	Proprietor Finance & Administration Quality & Safety Marketing and sales Project Management International projects

Our Services

Contract

The core business of **ADARSH INSULATIONS** is industrial insulation contracting. It's a discipline that relies on experience, solid craftsmanship and familiarity with modern standards and working procedures. Insulation works are a combination of technically correct performance and esthetically perfect finishing. ADARSH Insulations has already performed these services successfully since 1979.

Our expertise to manage large and demanding insulation projects is based on long time experience and continuous development of our project handling and controlling systems.

We call it ADARSH PROCEDURE, which includes:

- Project targeting and planning
- Prefabrication and mobilization at site
- Procurement and logistics
- Insulation erection and quality assurance
- Follow up and reporting
- Final inspection and delivery
- Customer feedback and continuous development

Trading

We also deal in trading of Insulation materials. We keep adequate stocks of various materials. We try and give highly professional and prompt services and quality materials to our esteemed customers.

Our trading unit is in the name of M/s. A.I. Trading House under the proprietorship of Mr. Pranav Shah. (www.aitradinghouse.com)

Manufacturing

Recently we have started manufacturing unit of Rigid Polyurethane foam. After 37 years of experience in Insulation field under the guidance of our proprietor Mr. Dilip Shah company has planned for backward integration, so as to reduce cost of our Raw Materials. (www.alaskapufindustries.com)

Mission

At Adarsh Insulations we aim at providing best services along with CRM (Customer Relationship Management).

Our core values are:

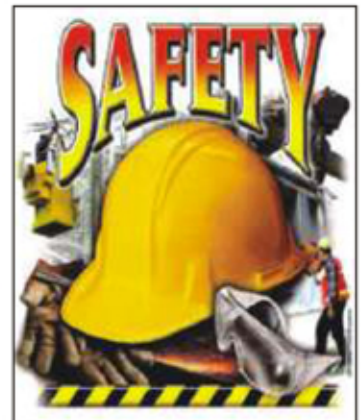

- Excellence in safety, health and environmental performance
- Focus on customer satisfaction, quality and reliability
- Continuous improvement to become the most competitive provider of high quality services
- Motivation for innovation and reward for achievement
- Authorization of employees to create real value for our customers and ourselves

Safety and Health Policy

We are dedicated to provide a safe and healthful environment for employees and customers, protecting the public, and preserving our assets and property.

At Adarsh Insulations, our most valuable resources are the people who work for us. Injuries can be prevented and to achieve this objective, Adarsh Insulations will make all reasonable efforts to comply with regulations of the companies we work with; pertaining to safety and health issues.

Adarsh Insulations is sincerely interested in our employee's safety. The policy of Adarsh Insulations is to provide safe equipment, adequate tools and training, and the necessary protective equipment. It is the employee's responsibility to follow the rules of safety as established for their protection and the protection of others, and to use the protective devices, which Adarsh Insulations provides.

Quality Policy

Under this policy we commit ourselves to:

- Strive for the highest level of customer satisfaction:
 - By constantly listening to the customer
 - By completing on hand projects and maintenance job in time.
- Provide best quality of materials to our customers
- Provide a work environment and culture, which promotes initiative, innovation and teamwork.

Few Materials Use For Insulations

Hot Insulation

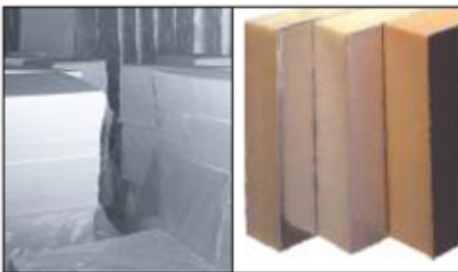

There are several materials which are used for hot Insulation like Rockwool mattresses (LRB Mattresses), Rockwool Slab, Rockwool Pipe Section, Mineral Wool, Cerawool, Fibre glass etc. Materials are selected as per company specification and temperatures.

Rockwool

Rockwool is mattresses are used for Hot Insulation to conserve energy. It helps to maintain temperature and prevent condensation in process industries. It also reduces noise levels when applied on such machine & buildings . Rockwool also provides human safety from Hot parts. Rockwool is mainly used for Boilers, Equipments, E.S.P. Ducts, Ovens, Furnaces, Tanks, Pipe Lines, Distillation Towers, Chemical Vessels etc.

Cold Insulation

There are several materials which are used for Cold Insulation like Polyurethane Foam (PUF) Flat Surface, PUF Pipe Section, PUF Spray Insulation (In-Situ), PUF Panels, Thermocole Flat Surface, Thermocole Pipe Section, Nitrile Rubber, Armour, etc. Materials are selected as per company specification and temperatures.

Polyurethane Foam

PU Foam is a rigid cellular polyurethane of low specific gravity with predominatly closed cell structure. Cellular polyurethanes are specific type of polymers produced from compounds containing active hydrogen atoms. These may be either polyesters or polyether based polyols.

Rigid Polyurethane foam is used for insulation of air-conditioning and refrigeration systems, deep freezers, cold stores, refrigerated trucks, process Lines Tanks, vessels, sandwich building panels, buoyancy applications, decorative ceiling tiles, pre- fabricated structural components or everywhere conditioned temperature is required

List of our Few Valuable Customers

GUJARAT

- M/s. Sanghi Industries Ltd.
- Shree Digvijay Cement Ltd, Digvijay gram
- M/s. Anchor Daewoo Inds. Ltd., Bhuj
- M/s. Jindal Saw Ltd., Samaghogha
- M/s. PI Industries Ltd., Panoli

MADHYA PRADESH

- M/s. Ruchi Soya Industries, Indore
- M/s. Meeraj Impact Pvt. Ltd., Piparia
- M/s. Vippy Solvex., Dewas
- M/s. Vippy Sipnro., Dewas

ANDHRA PRADESH

- M/s. Orient Cement Ltd., Mancherial

KARNATAKA

- M/s. Jaykay Cem Ltd., Mudhol

Benefits Of Insulation

- Conserves Energy by Reducing Heat Loss or Gain
- Controls Surface Temperatures for Personnel Protection and Comfort
- Facilitates Process Temperature Control
- Prevents Condensation on Cold Surfaces
- Prevents or Reduces Damage to Equipment From Exposure to Fire or Corrosive Atmospheres
- Controls Noise
